Rio+21 IYWC India Program Message

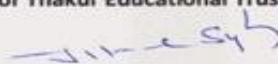

To promote Water Cooperation and Sustainable Development, the IARC' Centre for Science & Culture is implementing Asia's widest certification program; the Rio+21 IYWC India Program. It is supported by key organizations, Govt. agencies including Ministry of Water Resources.

Thakur Education Group has been a part of the internationally acclaimed Rio India Programs and has been the proud winner All India Level winner Best College Citation (2011-2012) and Best Education Group Citation (2012 – 2013).

Thakur Education Group believes Water is a vehicle for building peace and a foundation for sustainable development in India and the World.

I urge and expect all the Thakur Education Group School and College principals and academic staff to ensure optimum participation of our students in Rio+21 International Year of Water Cooperation India Program.

For Thakur Educational Trust,

Jitendra R. Singh
Trustee.
