Subject: Performance Excellence Award : SilverZone Olympiads 2015-16

Everything that we have achieved during 2015-16, has been the result of tremendous cooperation and all time support on the part of all the schools associated with our organization.

We express our sincere gratitude and convey our thanks for your support and cooperation in our Foundation's mission to enhance the literacy standard of the school students beyond their regular academic curriculum. We shall be failing in our duties if we do not appreciate the efforts put in by your school and staff members to make SilverZone Olympiads a grand success.

Your school is being conferred with "Performance Excellence Certificate" for tireless efforts in spreading the awareness of competitive exams among children, and the same is being enclosed along with this letter.

We request you to present the same to the principal by your auspicious hands on behalf of our foundation and oblige.

Thanking you for supporting foundation's mission and look forward to a perpetual relationship in the academic year 2016-17 as well.

Yours Truly
With warm regards,
For **SilverZone Foundation**
